Would you also like to order a Photo CD? Yes No

Ordering Information

Proof Number: The proof number is a four digit number that can be found at the bottom left corner of the proof image beginning with "IMG_".

Print Size: Prints are available in the following sizes - Wallet, 4"x6", 5"x7", 8"x10", and 11"x14". Wallets, which come in quantities of 8, are \$5. 4"x6" prints are \$3. 5"x7" are \$5. 8"x10" are \$10. 11"x14" are \$12. A Photo CD is another option and is \$20.

Photo CD: A Photo CD contains all of the proofs, plus any images edited for ordered prints.

Prints Options: Editing enhances photo prints. Color prints will look similar to a straight photograph with minimal editing for color enhancement. Black and White photos are in grayscale. Sepia photos are monochromatic and contain warm brown tones. Soft focus images are edited to diffuse the light for a "dream-like" quality photograph.

Please allow up to a week for processing before prints and/or photo CD are shipped.
